The City takes pride in the quality of life amenities that are available to our residents. The City's ballfields are home to various levels of competition ranging from youth baseball to a community supported amateur baseball team. Throughout the year, various organizations sponsor community wide festivals, including Community Days, Chamber Street Fair, a farmer's market and the I.C. Church Parish Festival. With the area's rolling hills, wetlands and woodlands, outdoor activities are abundant. A short drive to the metro area provides opportunities for world-class shopping, sports and theater. Lonsdale truly has a small town atmosphere with big city conveniences.
